

February 16, 2025, at 3:45 a.m.: On Ignoring the Demon Spirit of Our Military

I am writing to confirm and document that the demonic spirit of this agitating force of destruction is absolutely being pushed through the military of the United States of America and into our homes by agents of their evil agenda.

Without naming specific names (because these agents are very close to my house and home) I am writing to document that I am absolutely and without a doubt receiving messages from the evil spirit into my home by people that are members of the United States military community.

Furthermore, this community of evil people is so dedicated to their cause that I receive noisy agitation stimuli for every moment that I work with these materials.

Right now, there is a loud air-horn being blown by some evil demon or clueless zombie and this airhorn began and continues with direct relationship to the work that I do on the Procedure of Heaven.

I am listing this as one of the many ways in which it is proven to me (daily, hourly, moment-to-moment) that we are being spied upon and intentionally harmed by our national (in)security apparatus.

I am calling upon every one that ever reads this to understand that our own military has been taken by an evil spirit. I am firmly convinced that Nazi-ism is that evil spirit and I am doing my best to alert every good person on earth, right now, to understand the severity and danger of such a circumstance.

Nazi-ism has overtaken the leadership of the USA military and it is pushing evil into our communities, families, and personal homes as an intentional destructive force against the progress of good, God-fearing, people in the world.

I have personally witnessed two additional features of this evil Nazi-ism: 1) this evil force is trans-national as it followed me and manifested itself through a pre-existing network all the way in the small mountain community of Periana, Spain; and 2) the network that is primarily responsible for the 'secret' spread of this internal and evil force is the Freemason network (by their own personal - and documented - admissions).

I am personally aware of all of these facts. I can and will testify to each of these facts with additional personal details and descriptions in open court, under oath as being the sworn truth 'so help me God' and under the penalty of perjury.

I am firmly alerting each and every person in the world: stop funding the USA military. Their intentions are not beneficial, are not benign, and they do not have our best interests at heart. The military has been overtaken by an evil spirit that they, themselves, fostered, nurtured, and cultivated to produce themselves as an evil monster of destruction over our world.

We are in danger. The culprits that are producing this danger are the Freemason (worldwide) network and the United States military. Both are using their contacts within and without government to produce relationships with criminal communities which they are using to hold good people as their secret hostages.

I am specifically describing an intentional plot of multi-generational genocide. You must become aware of this immediately and you must stop supporting the USA military. I am sorry for having to break this to you but it is the truth. We, the good people of the world, must stop supporting their evil. Stop saluting murderers, and stop enabling our oppressors. It is, indeed, time to call a spade a spade. Donald Trump, USA military, USA national (in)security apparatus: **YOU ARE A SPADE.**

The USA military is responsible for training the good out of men and women around the world. The USA military is oppressing good in order to produce, nurture, and cultivate evil.
